

Bushikori Spiritual Development Conference December 2009

Last December, Bushikori organised a two day residential conference for sponsored children who were primary seven leavers, secondary and Vocational students who were in their school holidays.

The theme for the conference was “Living Dignified Lives as Mighty Christian Students of Valour.”

The overall objective of the conference was to preach the gospel of salvation and enhance the spiritual growth of the students.

The specific objectives were -

To build students’ faith in the Lord.

To mentor the children in the way of the Lord and to become responsible citizens.

To equip the students with skills and knowledge they can use to live successful Godly lives.

Train students on how they can realise their talents exploit their full potentials.

The conference was facilitated by men and women of God who were carefully selected as having experience in handling youth and were also Scripture Union facilitators for Eastern Uganda. The activities included praise and worship, teaching/ preaching, Bible study, devotion, workshops on various topics, and personal testimonies.

At the end of the conference seven students received Jesus Christ as their Lord and Saviour.

Students freely and actively participated in areas of their potentials/talents. For example, when facilitators asked those to volunteer as ushers, worship singers etc, they were able to accomplish such roles.

The student’s faith in the Lord was strengthened. This was witnessed when they gave their testimonies.

Follow ups have shown significant improvement in the students’ behaviours. A number of Guardians and students have indicated their appreciation of the efforts of the facilitators during the conference.

Students attained skills and knowledge on resolving their own emotional and social problems/challenges that they would use in order to live successful Godly lives and become useful citizens in their communities.

Great appreciation to sponsors and the Australian Support Committee for providing us with the funds which

made this conference possible. God’s blessings to you all.

Our students will never be the same.
